Assistant Coach: \_\_\_\_\_ Cell Phone: \_\_\_\_\_

- Each school is responsible for having a team rally point, likely the team bus, in case of an emergency, including weather. Please make sure all student-athletes are aware of the plan.
- Information on this form will be given to the athletic trainers on site in order for them to contact the coach in case of a student-athlete injury.
- If a medical situation requires a call to 911, the meet may be suspended for a short amount of time until the public safety officer authorizes the meet to resume.
- In case of sudden inclement weather, the Meet Director and/or the public safety officer will evacuate all teams to the closest facility or school bus.
- The Meet Director will review the site's emergency evacuation procedure with all coaches during a coaches meeting prior to the start of the meet.
